Dear Marianne,

Thank you so much for coming to our First Grade Brownie Girl Scout Meeting to help the girls earn their Manners Try It! The program was wonderfully suited for their age and your ability to keep the group of over 20 – rambunctious 6yr old girls – captivated and engaged for the full hour was truly amazing. The parents were all thrilled with the enthusiasm the girls left with about proper manners – telephone etiquette, table manners, proper handshakes, etc... - and were surprised to learn a few things from their children that they hadn't known previously at the dinner table that evening.

As leaders, we would highly recommend your program to any Girl Scout Troop - or other group for that matter.

Thank you again.
